

THE WEIRD *META* WORKSHOP ABOUT *META* JAVASCRIPT

Luis Artola @artolamola
Guillermo Gutierrez @ggalmazor

About us

We are just a couple of guys in front of you

Our companies are looking for people like you

Agenda

- About you (10')
- Hands-on session (30')
- Quiz (10')
- Showcase (10')
- Hands-on session (15')
- Short-talk (7')
- Closing (3')

About you

Put your hands up

10 minutes

About you

Are you a trainer?

Do you have experience facilitating workshops?

About you

Do you have experience with JavaScript?

About you

What's your role in your team?

About you

Could you explain any of these 16 concepts?

Repetición espaciada	Práctica entrelazada	Recall	Pecha Kucha
Elaboración	Closures	console.dir()	Objeto literal
Functions as objects	<code>.call</code>	<code>__proto__</code>	ES6 <code>class</code>
<code>this</code> , <code>new</code>	Private class attributes	Module pattern	Self-executing function

Hands-on session

Installation and Exercises Part I

30 minutes

Quiz

Part I & II: questions and concepts

<https://ahaslides.com/SEU5M>

Showcase

More crazy things about objects and classes

Hands-on session

Installation and Exercises Part II

30 minutes

Short talk

Better trainings: energy, recall, repetition

Take away

“ Designing workshops is about organizing repetition, Javascript is weird because...”
