Us

We are just a couple of guys in front of you

Our companies are also looking for people like you

Agenda

- You (10 mins.)
- Hands-on session (30 mins.)
- Quiz (10 mins.)
- Showcase (10 mins.)
- Hands-on session (15 mins.)
- Short-talk (7 mins.)
- Closing (3 mins.)

You

Put your hands up

You

Are you a trainer?

Do you have experience facilitating workshops?

You

Do you have experience with JavaScript?

You

What's your role in your team?

You

Could you explain any of these concepts?

Repetición espaciada	Práctica entrelazada	Recall	Pecha Kucha
Elaboración	Closures	console.dir()	Objeto literal
Functions as objects	`.call`	`__proto__`	ES6 `class`
`this`, `new`	Private class attributes	Module pattern	Self-executing function

Hands-on session

Installation and Exercises Part I

Quiz

[Part I & II: questions and concepts](#)

Showcase

More crazy things about objects and classes

Hands-on session

Installation and Exercises Part II

Short talk

Better trainings: energy, recall, repetition

Take away

" Designing workshops is about organizing repetition, Javascript is weird because... "
